

Walk route

Out of the Darkness Memorial Walk

From the north gate of the Zoo, follow the lane eastward until you come to the bike path. Turn left onto the bike path and go north. The path follows along the Nose Creek for approximately 0.6 kms. At the junction of the Bottomlands Park path, turn left. Follow the Bottomlands Park path to St Georges Drive, and when safe to do so, cross over. Follow the pathway up the hill (might be strenuous for some) to Centre Ave. Go west on Centre Ave to the Tom Campbell Park laneway and turn left. The laneway ends at a display area which is the half way point of the walk. Return to the Zoo via the same route, or take a short cut back to the Zoo via a pathway near the display area. The return route is approximately 5 kilometers in total, and the short route is approximately 3 kilometers.
